

G1 GLOSSY

Description:

Revolutionary wax that is quick and easy to apply, without leaving marks or stains. Its formula guarantees a deep mirrored gloss on paint thanks to the combination of waxes and nanopolymers. Glossy protects any surface and conveys a water-repellent effect. Treated parts can be recognised when touched, due to an incredible "silk effect".

Directions for use:

Apply a moderate amount on a microfibre, applicator or on a soft black pad with a roto-orbital polisher with a low rpm value. Leave to dry and wipe off with a cloth.

Warnings:

To handle the product follow the precautionary advice on the safety data sheet.

Technical Features:

Appearance and color: pink liquid

Odor: characteristic

pH: 9

Flash point: > 70°C

Relative density: 0,97 g/cm³

Storage:

Unopened and stored at room temperature away from direct sunlight.

Packaging:

PACKAGING

500 gr
