

S4 RINSELESS&COAT

Description:

S4 Rinseless&Coat by Innovacar is a highly effective **rinseless shampoo** for all exterior car surfaces, that washes, polishes and provides water repellency in a single treatment. It is the ideal solution for those looking for a detergent that minimises water consumption, without renouncing the need for a clean car. Main features:

- **Biotics Technology:** the product is enriched with patented* probiotics for deep cleaning**.
- **3-in-1 car shampoo:** combines washing, polishing and water repellency in a single treatment, enhancing gloss and providing an antistatic effect on treated surfaces.
- **Highly lubricated formula:** the high-quality, highly lubricated formula ensures smooth-gliding cloths, reducing micro-scratches potentially caused by dirt.
- **Also suitable as a drying aid:** it can also be used in the drying stage and reduces the risk of limescale staining the surface.
- **Environmentally friendly:** the unique formula enriched with natural probiotics and fully biodegradable surfactants according to Regulation 648/2004, makes it an environmentally responsible choice.
- **Water-saving:** the rinseless and waterless features make it possible to save water without renouncing the need for a clean car.
- **Easy application:** the water-based formula allows use on both wet and dry surfaces.

* Patent application no. 14730984.3

** Compared to the version without probiotics

How to use:

How to wash your car without rinsing, with S4 Rinseless&Coat:

1. Dilute the product in a bucket to a ratio between 1:100 and 1:250, i.e., use between 50 ml and 20 ml of product and top up with water (between 4950 ml and 4980 ml) to obtain a 5 L ready-to-use solution.
2. Wait for the surfaces to cool.
3. Make sure to remove any bracelets or watches during this process to avoid accidentally scratching the bodywork.
4. Work on small areas at a time using a high-quality mitt.
5. Fill a graduated trigger bottle or spray dispenser with the freshly prepared solution, then spray onto the area to be treated to loosen the dirt, making sure the product doesn't dry out.
6. If necessary, rinse with a glove or sponge previously soaked in water only.
7. Dry with a clean microfibre cloth.
8. We recommend using the two-bucket method.

How to wash your car without water, with S4 Rinseless&Coat, and how to use it as a drying aid:

1. Dilute the product to a ratio of 1:100, i.e., use 10 ml of product and top up with water (910 ml) to obtain a 1 L ready-to-use solution.
2. Wait for the surfaces to cool.
3. Work on small areas at a time, applying the product on the dry or wet surface evenly.
4. Wait 15-20 seconds before removing the product, allowing the dirt to soften.
5. Fold the clean cloth into quarters to minimise the number of cloths needed for the wash.
6. Use the first side on the surface, working in one direction and lifting the cloth gradually as you wipe, to remove the dirt.
7. Finish cleaning with a clean and dry finishing cloth.
8. Clean the next area using another clean side of the previously folded cloth and repeat the process.

For rinseless cleaning: The recommended dilution ratio for the bucket method is between 1:100 and 1:250, i.e., use between 50 ml and 20 ml of product and top up with water (between 4950 ml and 4980 ml) to obtain a 5 L ready-to-use solution.

For waterless cleaning and use as a drying aid: The recommended dilution ratio is 1:100, i.e., use 10 ml of product and top up with water (910 ml) to obtain a 1 L ready-to-use solution.

Attention:

We recommend the product not be applied on hot surfaces or under direct sunlight. Do not allow the product to dry on the surface. A deposit can be found at the bottom of the bottle, typical of probiotics presence; therefore, it is recommended to shake the product before use. When handling the product, observe the advice on the safety data sheet.

Technical properties:

Appearance and colour: green liquid

Odour: characteristic

pH: $5,9 \pm 0,5$

Flash point: $> 93^{\circ}\text{C}$

Relative density: $1,00 \text{ g/cm}^3 \pm 0,05$

Solubility in water: soluble

Solubility in oil: partially soluble

Storage:

In unopened packaging and stored away from direct sunlight and frost.

Packaging:

PACKAGING	BOX	ITEM CODE
BOTTLE 500 ml	6 pcs	702041 (public)
